Potential Beneficiaries in 2020

In Iowa, there were 177,000 pregnant women and families with children under 6 years old not yet in kindergarten who could benefit from home visiting. These families included 230,600 children.

230,600
children

could benefit from home visiting

Of the 230,600 children who could benefit—

Infants < 1 year	Toddlers 1-2 years	Preschoolers 3-5 years
38,200 17%	77,200 33%	115,200 50%

177,000
families

could benefit from home visiting

Many home visiting services are geared toward particular subpopulations. The NHVRC estimated the percentage of families who could benefit in Iowa who met the following priority criteria:

Of the 177,000 families who could benefit—

Home visiting service and demographic data in this profile were provided by IA. • The number of virtual home visits is an estimate. • Missing and unknown data were not included in calculations. • Percentages may not add to 100 due to rounding. • Public insurance includes Medicaid, CHIP, and TRICARE. • Low income is defined as family income below the federal poverty threshold. • Single mothers include single, never married mothers or pregnant women.

The NHVRC is led by James Bell Associates in partnership with the Urban Institute. Support is provided by the Heising-Simons Foundation and the Robert Wood Johnson Foundation. The views expressed here do not necessarily reflect the views of the foundations. For details about the methodology, see the 2021 Home Visiting Yearbook.
