

Tribal

Families Served Through the Tribal Maternal, Infant, and Early Childhood Home Visiting Program in 2020

The Tribal Home Visiting Program, part of the Maternal, Infant, and Early Childhood Home Visiting Program (MIECHV), provides home visiting services to American Indian or Alaska Native (AIAN) families and children in 22 tribal organizations across the country. Tribal organizations funded through MIECHV are located across the country in reservations, urban areas, and even remote Alaskan villages. This program provides culturally responsive services while strengthening tribal capacity to support the health and well-being of AIAN families.

Child insurance status

Caregiver ethnicity

Household income

Caregiver race

Caregiver education

Data in this profile were provided by the Administration for Children and Families Tribal Home Visiting Program. • Grantees reported some data for new enrollees only. • Caregivers and children with missing data were excluded from the calculations. • Public insurance includes Medicaid, CHIP, and TRICARE. • Low income is defined as family income at or below 100 percent of the federal poverty guidelines. • Counts of FTE home visitor and supervisor positions were rounded to the nearest whole number. • To protect confidentiality, race and ethnicity categories with 10 or fewer participants were replaced with *. • Percentages may not add to 100 due to rounding.

The NHVRC is led by James Bell Associates in partnership with the Urban Institute. Support is provided by the Heising-Simons Foundation and the Robert Wood Johnson Foundation. The views expressed here do not necessarily reflect the views of the foundations. For details about the methodology, see the 2021 *Home Visiting Yearbook*.
