

Arizona

Families Served Through the Maternal, Infant, and Early Childhood Home Visiting Program in 2021

Evidence-based models implemented with MIECHV funds in Arizona included Family Spirit, Healthy Families America, Nurse-Family Partnership, Parents as Teachers, and Health Start.

25,351

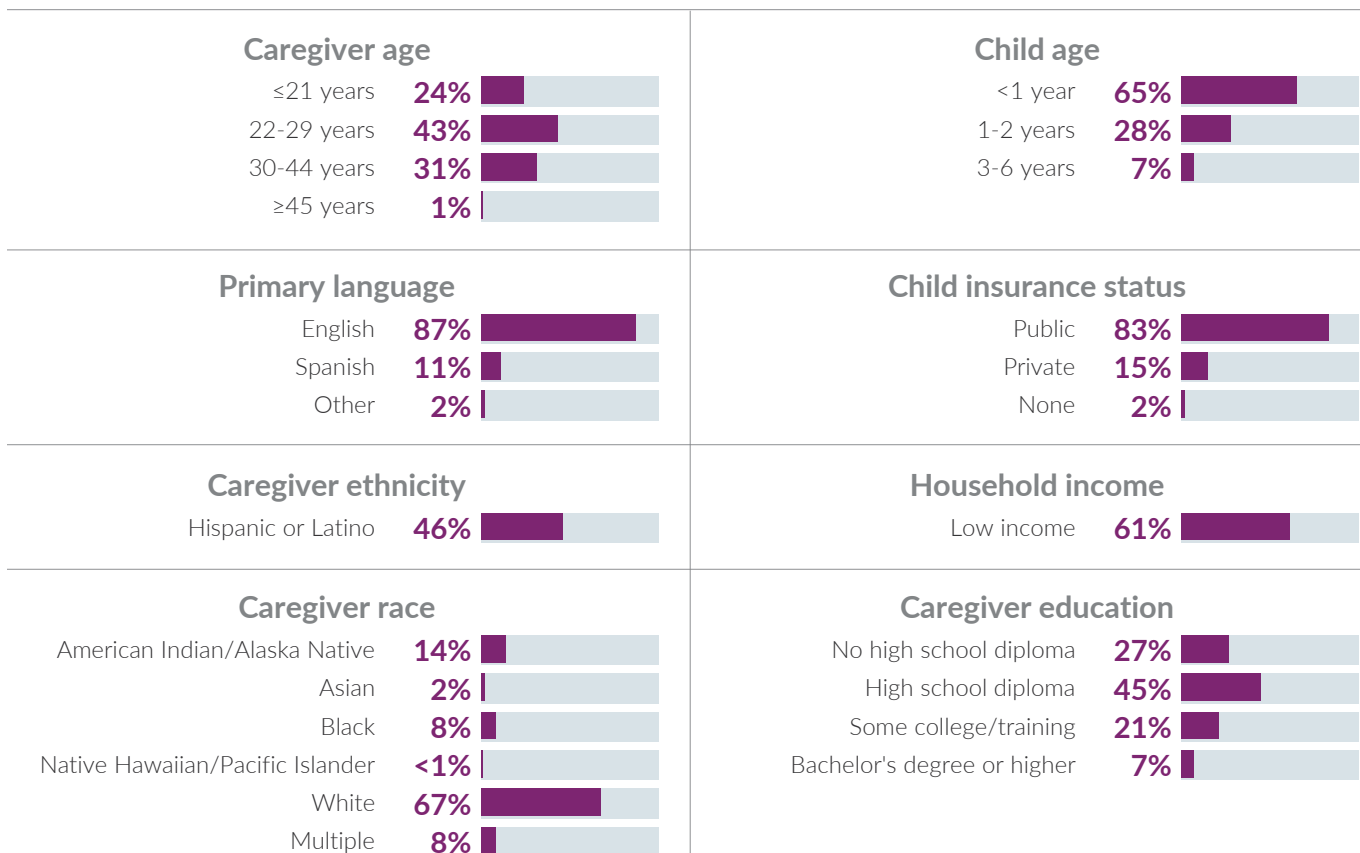

home visits provided

1,965

families served

1,831

children served

States provided data from their 2021 MIECHV federal report. Data represent families served through MIECHV-funded programs in fiscal year 2021. MIECHV State Data Tables include MIECHV data only. Numbers may vary from those in NHVRC State Profiles, which may include both MIECHV and non-MIECHV data provided by evidence-based models. • Caregivers include pregnant women, female caregivers, and male caregivers. • Caregivers and children with missing data were excluded from the calculations. • Public insurance includes Medicaid, CHIP, and TRICARE. • Low income is defined as family income at or below 100 percent of the federal poverty guidelines. • Percentages may not add to 100 due to rounding. • Data include service numbers for Health Start, which is recognized by HRSA as a promising approach.

The NHVRC is a partnership of James Bell Associates and the Urban Institute. Support is provided by the Heising-Simons Foundation and previously was also provided by the Robert Wood Johnson Foundation. The views expressed here do not necessarily reflect the views of the foundations. For a detailed methodology, see the 2022 *Home Visiting Yearbook*.
