

Rhode Island

Families Served Through the Maternal, Infant, and Early Childhood Home Visiting Program in 2022

Evidence-based models implemented with MIECHV funds in Rhode Island included Healthy Families America, Nurse-Family Partnership, and Parents as Teachers. Statewide, MIECHV funded 58 full-time equivalent (FTE) home visitors and 20 FTE supervisors. FTE can include full-time and part-time staff.

15,794

home visits provided

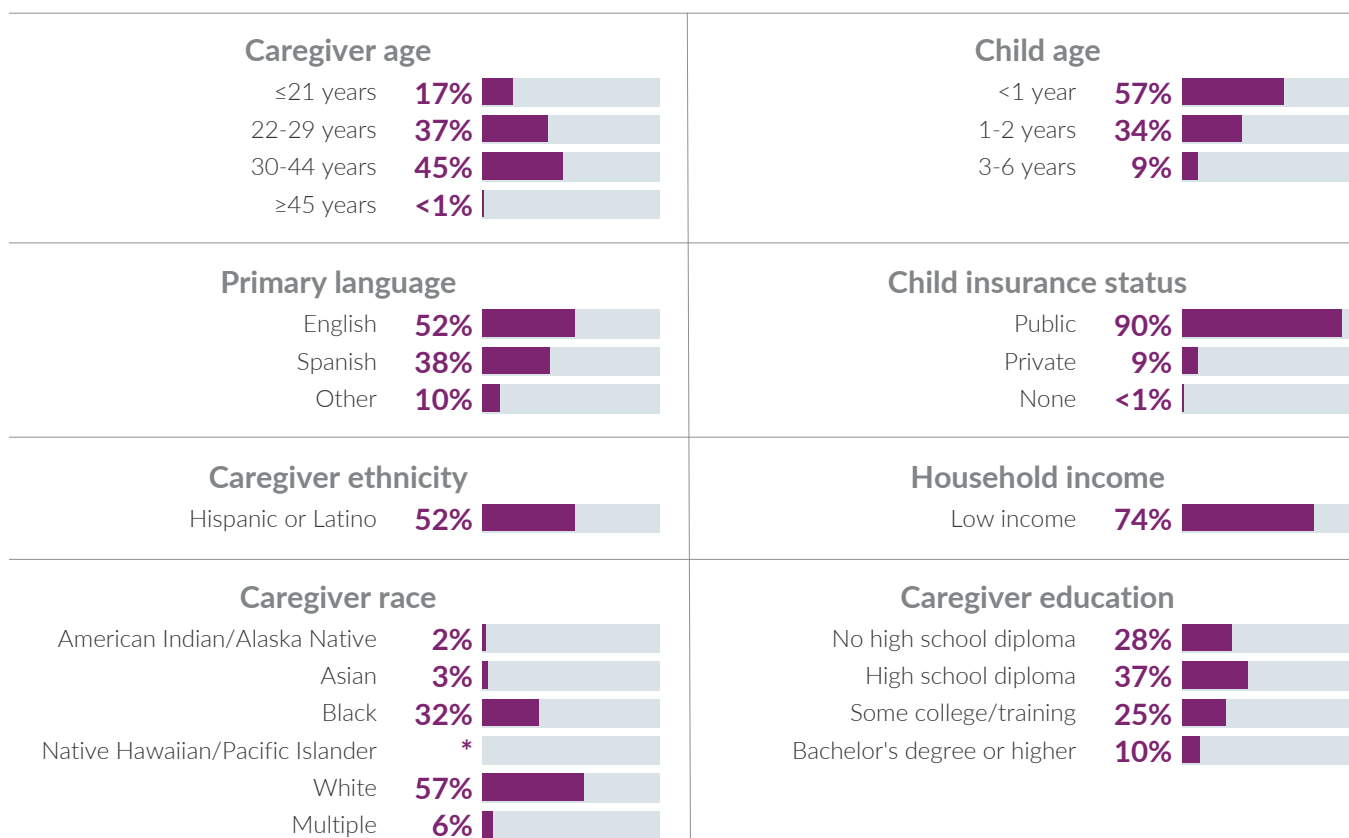

including 11,033 virtual visits

1,498

families served

1,457

children served

States provided data from their 2022 MIECHV federal report. Data represent families served through MIECHV-funded programs in fiscal year 2022. MIECHV State Data Tables include MIECHV data only. Numbers may vary from those in NHVRC State Profiles, which may include both MIECHV and non-MIECHV data provided by evidence-based models. • Caregivers include pregnant women, female caregivers, and male caregivers. • Caregivers and children with missing data were excluded from the calculations. • Public insurance includes Medicaid, CHIP, and TRICARE. • Low income is defined as family income at or below 100 percent of the federal poverty guidelines. • Counts of FTE home visitor and supervisor positions were rounded to the nearest whole number. • To protect confidentiality, race and ethnicity categories with 10 or fewer caregivers were replaced with *. • Percentages may not add to 100 due to rounding.

The NHVRC is a partnership of James Bell Associates and the Urban Institute. Support is provided by the Heising-Simons Foundation and previously was also provided by the Robert Wood Johnson Foundation. The views expressed here do not necessarily reflect the views of the foundations. For a detailed methodology, see the 2023 *Home Visiting Yearbook*.
