

Arkansas

Families Served Through the Maternal, Infant, and Early Childhood Home Visiting Program in 2023

Evidence-based models implemented with MIECHV funds in Arkansas included Healthy Families America, Home Instruction for Parents of Preschool Youngsters, Nurse-Family Partnership, Parents as Teachers, and Following Baby Back Home. Statewide, MIECHV funded 73 full-time equivalent (FTE) home visitors and 16 FTE supervisors. FTE can include full-time and part-time staff.

23,841

home visits provided

including 7,387 virtual visits

1,821

families served

1,931

children served

States provided data from their 2023 MIECHV federal report. Data represent families served through MIECHV-funded programs in fiscal year 2023. MIECHV State Data Tables include MIECHV data only. Numbers may vary from those in NHVRC State Profiles, which may include both MIECHV and non-MIECHV data provided by evidence-based models. • Caregivers include pregnant participants. • Caregivers and children with missing data were excluded from the calculations. • Public insurance includes Medicaid, CHIP, and TRICARE. • Low income is defined as family income at or below 100 percent of the federal poverty guidelines. • Counts of FTE home visitor and supervisor positions were rounded to the nearest whole number. • Percentages may not add to 100 due to rounding. • Data include service numbers for Following Baby Back Home, which is recognized by HRSA as a promising approach.

The NHVRC is a partnership of James Bell Associates and the Urban Institute. Support is provided by the Heising-Simons Foundation. The views expressed here do not necessarily reflect the views of the foundation. For a detailed methodology, see the *2024 Home Visiting Yearbook*.
