

# Indigenous-Led Organizations

## Families Served Through Evidence-Based Home Visiting in 2023

Data in this profile represent Indigenous-led organizations implementing Attachment and Biobehavioral Catch-Up, Early Head Start Home-Based Option, Family Check-Up, Family Spirit, Healthy Families America, Maternal Infant Health Program, Nurse-Family Partnership, Parents as Teachers, and SafeCare Augmented. Nationwide, 168 Indigenous-led organizations implemented at least one of these models.

**49,001**

home visits provided  
*including 17,993 virtual visits*

**5,520**

families served

**5,716**

children served

## Potential Beneficiaries in 2023

Nationally, there were 399,400 American Indian and Alaska Native pregnant women and families with children under 6 years old not yet in kindergarten who could benefit from home visiting. These families included 508,800 children.

**508,800**  
**children**

could benefit from home visiting

### Of the 508,800 children who could benefit—

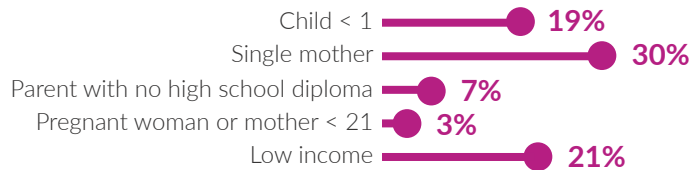

Infants <1 year	Toddlers 1-2 years	Preschoolers 3-5 years
--------------------	-----------------------	---------------------------

<b>77,600</b> <b>15%</b>	<b>175,100</b> <b>34%</b>	<b>256,000</b> <b>50%</b>
-----------------------------	------------------------------	------------------------------

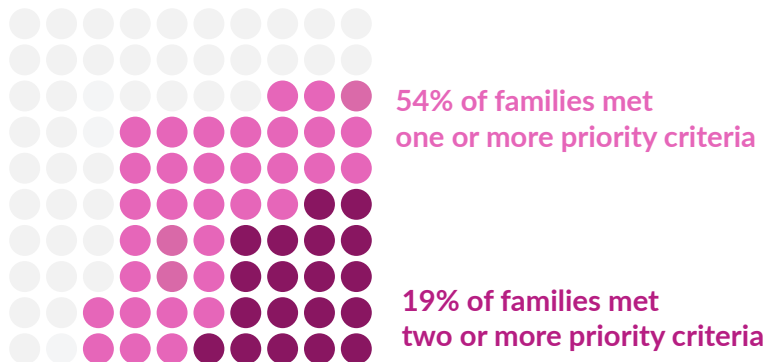

**399,400**  
**families**

could benefit from home visiting

The NHVRC estimated the percentage of families who met the following priority criteria:

### Of the 399,400 families who could benefit—

This profile includes participant data from the following evidence-based models: EHS, Family Spirit, HFA, MIHP, PAT, and SafeCare Augmented. • American Indian and Alaska Native pregnant women and families were identified by the race of mother or other primary caregiver and includes those who reported American Indian and Alaska Native alone or as one of multiple races. • Low income is defined as family income below the federal poverty threshold. • Single mothers include single, never married mothers or pregnant women.

The NHVRC is a partnership of James Bell Associates and the Urban Institute. Support is provided by the Heising-Simons Foundation. The views expressed here do not necessarily reflect the views of the foundation. For a detailed methodology, see the 2024 *Home Visiting Yearbook*.
