Notes • NHVRC State Profiles present data provided by evidence-based models, which include both MIECHV and non-MIECHV data. • Percentages may not add up to 100 due to rounding. • Public insurance includes Medicaid, CHIP, and TRICARE. • HFA reports primary language of caregivers.

The NHVRC is led by James Bell Associates in partnership with the Urban Institute. Support is provided by the Heising-Simons Foundation and the Robert Wood Johnson Foundation. The views expressed here do not necessarily reflect the views of the foundations. For details about the methodology, see the *2019 Home Visiting Yearbook*.
